Description

Wipro Recruitment 2023

Job Title: Full Stack Developer

Company: Wipro

Location: Bangalore, Bandikodigehalli, India

Job Description:

Wipro, a global leader in IT services and consulting, is looking for a Full Stack Developer to join their team in Bangalore. As a Full Stack Developer at Wipro, you will be responsible for designing, developing, and maintaining web applications and software solutions. This role requires expertise in both front-end and back-end technologies, along with strong problem-solving skills and a passion for delivering high-quality code.

Wipro Jobs Near Me

Responsibilities:

1. Application Development: Design and develop scalable and responsive web applications using front-end and back-end technologies. Collaborate with cross-functional teams to understand requirements and deliver robust solutions.
2. Front-End Development: Implement user interfaces using HTML, CSS, and JavaScript frameworks such as Angular, React, or Vue.js. Ensure a seamless user experience and optimize application performance.
3. Back-End Development: Build and maintain server-side applications using programming languages like Java, Python, or Node.js. Develop APIs,

database integration, and business logic to support application functionality.

4. Database Management: Design and optimize database structures and queries for efficient data storage and retrieval. Work with relational databases like MySQL, Oracle, or PostgreSQL.

5. Testing and Debugging: Conduct unit testing, integration testing, and debugging of applications to identify and fix issues. Ensure the software meets quality and performance standards.

6. Collaboration and Communication: Collaborate with cross-functional teams, including designers, product managers, and other developers, to deliver projects on time and meet client requirements. Communicate effectively to share progress and discuss technical solutions.

7. Continuous Learning: Stay updated with the latest technologies, trends, and best practices in full-stack development. Continuously enhance your skills and contribute to innovation within the team.

Wipro Careers

Requirements:

- Bachelor's degree in Computer Science, Engineering, or a related field. Master's degree is a plus.
- Proven experience as a Full Stack Developer, with a strong portfolio of web applications and software projects.
- Proficiency in front-end technologies such as HTML, CSS, JavaScript, and front-end frameworks (Angular, React, Vue.js).
- Solid understanding of back-end technologies, including programming languages like Java, Python, or Node.js.
- Experience with databases and SQL, including query optimization and data modeling.
- Knowledge of version control systems like Git and proficiency in using development tools and IDEs.
- Strong problem-solving skills and attention to detail.
- Ability to work independently and in a team environment.
- Excellent communication and interpersonal skills.
