Description

Google Freshers Jobs

We are seeking a talented and motivated SharePoint Developer to join our team and play a key role in supporting our collaboration infrastructure. You will be responsible for developing, maintaining, and enhancing custom solutions that extend SharePoint's functionalities to meet our unique business needs. This is an exciting opportunity for a skilled developer to leverage their expertise in SharePoint and contribute to cutting-edge projects at Google.

Google Jobs Near Me

Responsibilities:

- Design, develop, and implement custom SharePoint solutions using REST APIs, PowerShell, and JavaScript.
- Integrate SharePoint with other Google tools and services to create seamless workflows and optimize productivity.
- Configure and maintain SharePoint sites, libraries, and lists to ensure optimal performance and security.
- Collaborate with cross-functional teams, including designers, business analysts, and end users, to understand requirements and deliver effective solutions.
- Stay up-to-date with the latest SharePoint trends and best practices, and proactively propose improvements to existing solutions.
