Description

Google Jobs For Freshers

Our dynamic team of PHP developers is looking for a passionate and skilled individual to join us in building and maintaining the backbone of some of Google's most popular web applications. You'll have the opportunity to work on high-impact projects, collaborate with brilliant minds, and contribute to groundbreaking technology.

Google Jobs Near Me

Responsibilities:

- Design, develop, and maintain efficient and scalable PHP code for back-end web applications.
- Participate in the full software development lifecycle, from requirements gathering and design to implementation, testing, and deployment.
- Collaborate closely with engineers, designers, and product managers to deliver impactful features and functionality.
- Write clean, documented, and well-tested code that adheres to industry best practices.
- Analyze, troubleshoot, and resolve technical issues in a timely and efficient manner.
- Stay up-to-date on the latest trends and technologies in the PHP ecosystem.

Google Careers

Skills & Qualifications:

- Strong understanding of PHP programming language and its core concepts (object-oriented programming, MVC frameworks, etc.).
- Experience working with relational databases (MySQL, PostgreSQL, etc.).
- Familiarity with version control systems (Git, SVN) and continuous integration/continuous delivery (CI/CD) workflows.
- Excellent problem-solving and analytical skills.
- Strong communication and collaboration skills.
- Passion for building high-quality, user-centric applications.
