Description

Infosys Recruitment 2024

Do you thrive in building innovative solutions that empower teamwork and knowledge sharing?

Infosys, a global leader in next-generation digital services and consulting, is seeking a passionate SharePoint Developer to join our growing team. In this role, you'll play a pivotal role in crafting custom SharePoint solutions that cater to our clients' specific collaboration needs.

Why Join Infosys?

Infosys offers a dynamic and collaborative work environment where you'll be surrounded by talented individuals who share your passion for technology. You'll have the opportunity to:

- **Work on cutting-edge projects:** Be at the forefront of innovation, developing solutions that leverage the latest SharePoint functionalities.
- **Make a real impact:** Your work will directly contribute to the success of our clients, helping them streamline their workflows and improve collaboration.
- **Continuous learning and growth:** Infosys provides a strong focus on professional development, offering you access to a wealth of training resources and opportunities to expand your skillset.
- **Global exposure:** Potentially collaborate with colleagues and clients across the world, gaining valuable insights into diverse work cultures.
- **Remote work flexibility:** This role offers the flexibility to work remotely, allowing you to create a work-life balance that suits your needs.

(Location: Remote)

Job Summary:

We're seeking a highly motivated SharePoint Developer to join our team and help us design, develop, and implement innovative SharePoint solutions. You'll work closely with business analysts, project managers, and clients to understand their needs and translate them into robust and user-friendly SharePoint applications.

Infosys Jobs Near Me

As a SharePoint Developer at Infosys, you'll be responsible for a variety of tasks, including:

- **Understanding client requirements:** Collaborate with stakeholders to gather in-depth information about their collaboration challenges and desired outcomes.
- **Designing SharePoint solutions:** Leverage your expertise to design custom SharePoint solutions that address specific business needs, including workflows, document management systems, and collaboration tools.
- **Development and implementation:** Develop SharePoint applications using industry best practices, ensuring efficient coding and a user-friendly interface.
- **Testing and deployment:** Thoroughly test developed solutions to ensure functionality and stability before deploying them to production environments.
- **Ongoing maintenance and support:** Provide ongoing support to clients, addressing any issues and ensuring the smooth operation of SharePoint solutions.

Required Skills and Qualifications:

- Bachelor's degree in Computer Science, Information Technology, or a related field (or equivalent experience).
- Proven experience in SharePoint development (SharePoint Online and/or SharePoint Server).
- Strong understanding of SharePoint architecture, functionalities, and best practices.
- Proficiency in programming languages like C#, JavaScript, and REST API.
- Knowledge of SharePoint Framework (SPFx) is a plus.
- Experience with Microsoft Azure (bonus).
- Excellent analytical and problem-solving skills.
- Strong communication and collaboration skills.
- Ability to work independently and as part of a team.

Experience:

This role is open to both experienced SharePoint Developers and enthusiastic freshers with a strong foundation in SharePoint and a passion for learning.
