Description

IT Specialist Jobs For IBM

IBM is seeking a passionate and talented Front-End Developer to join our growing team. You'll play a crucial role in designing and building the user interfaces of our industry-shaping products and platforms. You'll collaborate closely with designers, back-end developers, and product managers to deliver seamless and engaging experiences for our global audience.

IBM Careers

Responsibilities:

- Translate design concepts into pixel-perfect, responsive front-end code using HTML, CSS, and JavaScript frameworks (React, Angular, Vue.js)
- Develop reusable components and UI libraries to ensure consistency and maintainability
- Implement interactive features and animations to enhance user engagement
- Optimize website performance for speed and responsiveness across all devices
- Stay up-to-date with the latest front-end technologies and trends
- Collaborate effectively with cross-functional teams to deliver projects on time and within budget
