Tata Motors Jobs Near Me

Responsibilities:

1. Data Entry: Accurately and efficiently enter data into our systems, ensuring precision and timeliness. This includes inputting various types of information, such as customer details, product records, inventory data, and other relevant information. Verify and validate data to ensure accuracy and completeness.
2. Data Maintenance and Cleaning: Regularly review and clean up existing data to remove errors, duplicates, and outdated information. Perform data quality checks to identify and rectify inconsistencies. Collaborate with relevant teams to update and enhance data standards and processes.
3. Reporting and Analysis: Generate routine reports and summaries based on the entered data, highlighting key trends and insights. Collaborate with the data analysis team to support data-driven decision-making processes. Assist in identifying areas for process improvement and suggest solutions to

enhance efficiency and accuracy.
