Description

Wipro Recruitment 2023

Wipro is seeking a passionate and proactive **Network Administrator** to join our dynamic IT team. You'll play a crucial role in maintaining the smooth flow of data across our organization, ensuring reliable connectivity and security for all our systems and operations. If you thrive in fast-paced environments and enjoy troubleshooting technical challenges, then this could be the perfect opportunity for you.

Wipro Jobs Near Me

Responsibilities:

1. Network Management and Optimization:

- Monitor network performance and proactively identify potential issues.
- Implement and maintain network infrastructure, including routers, switches, firewalls, and wireless networks.
- Configure and manage network security policies to ensure data protection.
- Troubleshoot network problems and resolve connectivity issues efficiently.
- Perform regular backups and disaster recovery procedures.

2. Technical Support and Collaboration:

- Provide technical support to internal users regarding network

access and connectivity.

- Collaborate with other IT teams to implement new technologies and upgrades.
- Document technical processes and procedures for future reference.
- Stay up-to-date with the latest network technologies and trends.

3. Project Management and Continuous Improvement:

- Participate in network infrastructure projects, from planning to implementation.
- Analyze network data and identify opportunities for performance improvement.
- Recommend and implement cost-effective solutions to optimize network resources.
- Maintain accurate records and reports on network activity.
